2023 HIGHLIGHTS

ART CLASSES

Our girls and teenagers continued to develop their creativity through our art classes. These classes were one of the few volunteer programs we had in 2023.

With the support and experience of our magnificent volunteers, it was through this project that we were able to improve the lives of the girls and teens, increasing their creativity, sensitivity and self-esteem.

PADDLE TENNIS LESSONS

Being the mission of **St. Paul's Anglican Church of San Miguel de Allende** to encourage paddle sports among the youth and adults in the community, helping them to find greater joy and dignity in their personal lives; enhancing their physical and

emotional development through sports, through its "**Clases de a Peso**" (**Classes for a Pesos**) program, St. Paul's Church sponsored our girls and teenagers to take paddle tennis classes.

Paddle tennis is a sport that helps to improve coordination throughout the body, since you have to combine leg movements with arm movements. One of the great benefits of paddle tennis for children and teens is that it will greatly improve their balance and speed of movement.

ZUMBA CLASSES

The girls continued to get physically active with zumba classes.

CROCHET KNITTING WORKSHOP

Another of the few volunteer programs we had in 2023 was the Crochet Knitting workshop.

Thanks to the wonderful volunteers, our girls not only had the opportunity to create, but it also helped them as relaxation therapy, since knitting is an activity that helps with stress and anxiety.
