2022 HIGHLIGHTS

SKILLS DEVELOPMENT PROGRAM

For 16 weeks (beginning on February 11th) our girls and teens developed skills thanks to the sponsorship of **Hope In Motion International** and in collaboration with **WorldSkills Mexico**.

July 12 - Closing Ceremony

In the Skills Development Program, it was possible to work with 12 teenagers, who had the opportunity to receive short weekly mentoring to develop work skills, in addition to providing follow-up to strengthen soft skills.

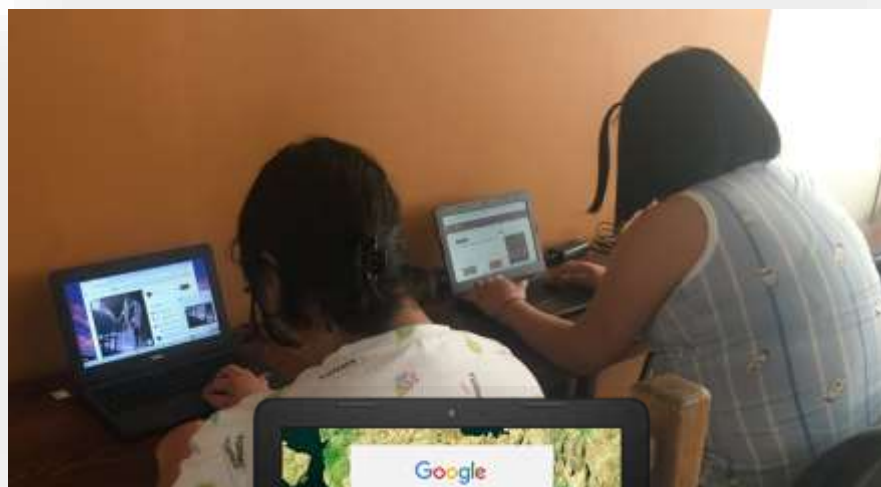

They were able to learn skills such as baking, cooking, nail application, restaurant, photography, photo editing and more.

CHROMEBOOKS DONATION

Nowadays, computers are part of the classroom because they make learning easier and more fun. Online schooling is also becoming more popular, thanks in part to the pandemic, so children need access to a computer.

During the pandemic, it was somewhat difficult to do the required schoolwork, due to our limited computer equipment.

It was thanks to a generous benefactor that we were able to put those problems behind us, providing us with several Chromebooks, so that all of our girls and teens have the most important and educationally impacting tool that now allows them to perform and research successfully for their schoolwork.

DAY OF THE DEAD OFFERINGS

For the second year in a row, Casa Hogar Santa Julia participated on November 2, in the Day of the Dead Offerings in the Main Square. Event organized by the Department of Culture and Traditions of San Miguel de Allende.

CHRISTMAS BAZAR

On December 11th we had the opportunity to participate again in the Grand Christmas Bazaar organized by “Geek & Coffee”.
